## MENTAL HEALTH CONTINUUM MODEL

REACTING

| MOOD                      | Normal mood fluctuations<br>Calm & takes things in stride      | Irritable/Impatient<br>Nervous<br>Sadness/Overwhelmed  | Anger<br>Anxiety<br>Pervasively sad/Hopeless  | Angry outbursts/Aggression Excessive anxiety/Panic Depressed/Suicidal thoughts |
|---------------------------|--|--|---|--|
| ATTITUDE & PERFORMANCE    | Good sense of humour<br>Performing well<br>In control mentally | Displaced sarcasm Procrastination Forgetfulness  | Negative attitude Poor performance/Workaholic Poor concentration Poor decision-making | Overt insubordination Can't perform duties, control behaviour or concentrate   |
| SLEEP                     | Normal sleep patterns<br>Few sleep difficulties                | Trouble sleeping<br>Intrusive thoughts<br>Nightmares   | Restless disturbed sleep<br>Recurrent images<br>Recurrent nightmares                  | Can't fall asleep or stay asleep<br>Sleeping too much or too little            |
| PHYSICAL<br>HEALTH        | Physically well<br>Good energy level                           | Muscle tension<br>Headaches<br>Low energy  | Increased aches and pains Increased fatigue   | Physical illnesses<br>Constant fatigue   |
| SOCIAL WELL-BEING         | Physically and socially active                                 | Decreased activity Reduced socializing   | Avoidance<br>Withdrawal   | Not going out or answering phone   |
| SUBSTANCE<br>USE & GAMING | No or low risk use of alcohol/cannabis gambling/gaming         | Alcohol/cannabis/gambling/<br>gaming increasingly used<br>to relieve tension/cope with<br>stress | Difficulties limiting use of alcohol/cannabis/gambling/gaming                         | Unable to control use of alcohol/cannabis/gambling/gaming                      |

## Maintain healthy lifestyle

HEALTHY

- Focus on task at hand
- Break problems into manageable tasks
- Controlled, deep breathing
- Plan time for rest & fun
- Nurture a support system

- Recognize limits, take breaks
- Get enough rest & exercise
- Reduce barriers to helpseeking
- Identify unhealthy coping & resolve problems early
- Talk to / confide in someone
- Tune into own signs of distress

INJURED

Make self-care a priority

COPING, RESOURCES & SUPPORT

- Get help sooner, not later
- Maintain social contact; don't withdraw
- Know how to access help & resources
- Follow doctor's care recommendations
- Accept offers of help
- Focus on regaining health
- Don't give up on yourself
